

Primary's Workplace Program

SIMPLE | AFFORDABLE | STREAMLINED

Effortless employee sign up

Primary's employee registration process is simple. Plus, we handle all communications on the employers behalf.

Testing cadence support

Managing vaccinated and unvaccinated employees? We'll opt your employees into a strategic testing cadence based on their vaccination status.

Flexible ordering process

For convenience, test kits can be shipped to the home or workplace.

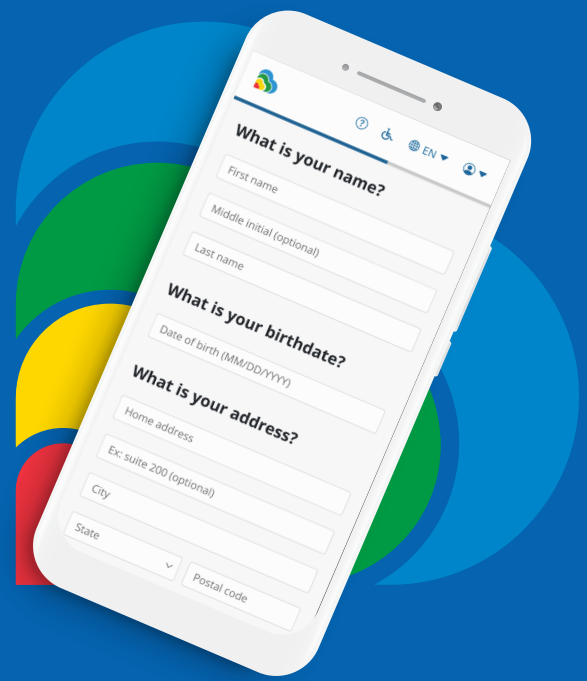

Test and easily upload results

Employees self test at home or onsite with antigen or PCR test kits.

Safety and confidence

Primary provides the tools to monitor testing compliance and respond to results.

“Primary.Health's platform has allowed us to adapt to the evolving public health needs of the local and diverse communities served through our parent company Gary Community Investments, while simultaneously building a national model for an exceptionally proactive and equitable response to the COVID-19 pandemic”

Mike Johnston
